

CET2023

The 9th World Congress on Engineering and Technology (CET 2023) will be held during Oct. 30 - Nov. 1, 2023 in Xi'an, China. This Conference will cover issues on Engineering and Technology. The aim of CET 2023

is to provide a stage for researchers, engineers, academicians as well as industrial professionals from all over the world to present their latest research results and advanced research methods.

Symposiums:

Int'l Conference on Industrial and Mechanical Engineering (CIME 2023)

Int'l Conference on Aerospace Engineering (ICAE 2023)

Int'l Conference on Applied and Engineering Mathematics (AEM 2023)

Int'l Conference on Traffic and Transportation Engineering (CTTE 2023)

Int'l Conference on Architecture and Civil Engineering (CACE 2023)

CALL FOR PAPERS

Industrial and Mechanical Engineering
Aerospace Engineering
Applied and Engineering Mathematics
Traffic and Transportation Engineering
Architecture and Civil Engineering
Fatigue Fracture & Failure Analysis
Combustion & IC Engines
Advanced Manufacturing Technologies
Industrial Engineering
Manufacturing Management
Quality Engineering
Design of Mechanical Systems
Reliability Engineering
Mechanical Engineering
Design and Manufacturing
Fuels and Combustion
Heat and Mass Transfer
Intelligent Control
System Integration
Sensors and Actuators and Networks
Mechatronics Engineering
Vibration and Noise Control
Micro Mechatronics

Venue

Xi'an, is the capital of Shaanxi province, located in central-northwest China, records the great changes of the country just like a living history book. Called Chang'an (meaning the eternal city) in ancient times, it is one of the birthplaces of the ancient Chinese civilization in the Yellow River Basin area.
